

Welcome to TPRX™, your new custom appliance portal!

With **TPRX**, managing your custom appliance cases is easier than ever. Simply go to tportho.com/custom where you can access electronic prescription forms, upload intraoral scans – and even access archived digital models. Try **TPRX** and see what we can do for your practice:

- **TPRX** saves you and your staff time; submitting cases is a snap, and we get instant access to your files
- Access to your cases at any time through your **TPRX** account
- With **TPRX**, accuracy is improved since there are no hand-written forms
- Using **TPRX** with your intraoral scanner means no more bulky models to ship or store
- No intraoral scanner? With **TPRX** you can still access cases online and we'll even archive them for you
- With **TPRX** you can view your patient's model online and request adjustments before the appliance is fabricated

Technical expertise, innovative technology and top-notch customer service is what you get from one of the most trusted orthodontic companies in the world. Since 1942, we've been providing high-quality custom appliances to meet the needs of all types of cases. And, TPO® offers a lifetime guarantee on all custom appliances.*
