

Nu-Edge[®] lite

Cobalt Chromium Pre-Coated Brackets

Pre-coated for convenience.

Biocompatible for nickel sensitive patients.

Aesthetic polymer mesh base.

The Nu-Edge lite pre-coated bracket combines the performance of cobalt chromium with the aesthetics of a clear polymer mesh base. The result is superior performance with enhanced aesthetics.

Exceptional aesthetics increases patient satisfaction with small design and clear base for a minimal visual footprint.

- Strong cobalt chromium; biocompatible and corrosion resistant
- Clear base allows light to penetrate for a full light cure, resulting in improved bond strength
- Increases ease of application and reduces chair time
- Simply remove bracket from the package with bonding forceps, place and cure
- Available in MBT prescription

Save Time with Pre-Applied Adhesive

Nu-Edge lite Brackets feature Readi-Base[®], with eXact[®] pre-applied adhesive for convenience and increased efficiency.

- Ready to place right out of the package
- Reduced risk of contamination
- Brackets set easily without sliding
- Minimal flash clean-up
